

# Corporate Social Responsibility (CSR) and Sustainability

## CSR Activities for FY 2017-18.

### Key Area: Education

#### 1. Promoting research and studies related to Power Systems in the engineering institutions to encourage excellence in the area

- **Concept:** These awards have been instituted to encourage excellence in the area of Power Systems by awarding the new research in the related fields.
- **Target Area:** Students of Doctoral and Master Category from technical institutions across the country.
- **Encouragement under the scheme:**

The prize money for shortlisted research works under Doctoral and Master Category.

A unique and only initiative to promote research in the area of Power Systems in India!

#### 2. Setting up of smart labs in govt. schools

This project has been implemented in the two Govt. schools in Katwaria Sarai, New Delhi located in the vicinity of POSOCO office. These schools generally cater to the underprivileged sections of the society and were lacking in facilities required for providing computer education

Smart Labs in Govt. Schools- Focus on Children

Under this initiative, computers, LED Screen and basic furniture alongwith an air conditioner etc. were provided in each of the schools.

### 3. Providing skill training to improve employability

This program was taken up by POSOCO with the aim to impart skill development to village youths to enhance employability. Program was executed in the villages of Panvel Tehsil, Raigad District in Maharashtra. Youth from the marginalised sections were trained under this program in the area of warehouse packaging and retail sales.

Program was executed in association with National Skill Development Corporation (NSDC) and National Skill Development Fund (NSDF).

Empowering Youth- Contributing under Govt. of India's Skill India initiative

### Key Area: Preventive Health Care

#### 4. Development of infrastructure in Safdarjung Hospital, New Delhi to convert an existing open space into a Swachh Park with facilities like sitting space, lighting and shed etc. and setting up of digital kiosk to facilitate patients in getting appointments for the welfare of patients

POSOCO has developed a Park in the Safdarjung Hospital with facilities like sitting

Condition of Park- Before Development

space, lighting, shed and landscaping etc. This park is being utilised by the thousands of

poor patients and their attendants visiting the hospital on daily basis for treatment. Further, a room has also been built in corner of the park where patients/attendants can take rest.

Condition of Park- After Development

An OPD Kiosk has also been developed in the hospital, to facilitate the people visiting the hospital in getting speedy appointments.
