**5Cs for Cybersecurity:
Moving from REACTIVE to PROACTIVE**

“... good security is always a mixture of prevention, detection and response.”

Bruce Schneier, Secrets and Lies

Answer at least 3 fundamental questions

CONTEXTUALIZATION

A woman's profile is shown in a dark, blue-toned environment. Her head is covered in a glowing, red and orange wireframe mesh that represents a digital brain or neural network. The background is filled with blurred, glowing blue lines and shapes, suggesting a complex digital or data environment.
