विषय/Subject: Additional comments received from ERPC for amendment in CERC approved methodology for computation of Average Monthly Frequency Response Performance, Beta 'β'

संदर्भ/Reference: NLDC letter dated 07.01.2025 regarding stakeholder comments/suggestions for amendment in CERC approved methodology for computation of Average Monthly FRP, Beta 'β'

महोदय/महोदया,

This is in continuation to the submission of suggestions/comments received from stakeholders on the proposed amendment by Southern Regional Power Committee (SRPC) in Clause 4.9 of Beta Methodology for clarification regarding certification of Beta value for the generators whose tariff is determined by CERC and are falling under the jurisdiction of SLDCs.

Eastern Regional Power Committee (ERPC) vide its email dated 09.01.2025 (email communication enclosed as Annexure-A) has suggested in favour of the amendment in Clause 4.9 of the Beta Methodology. The proposed amendment was discussed in 222nd Operation Co-ordination Sub-Committee (OCC) meeting of ERPC held on 23.12.2024, wherein the following was decided:

"OCC agreed in-principle to the proposed amendment, i.e. concerned SLDCs have to compute and certify Beta factor w.r.t generators in their jurisdiction whose tariff is determined by CERC"

This is for kind consideration of Hon'ble Commission in addition to the NLDC letter dated 07.01.2025.

सधन्यवाद,

भवदीय,

(एस. उषा/S. Usha)

Sir(s)/Madam,

This is in refernce to the communication received from NLDC vide letter dated 09.12.2024 on methodology for computation of Average Monthly Frequency Response Performance in terms of Beta 'β' factor .

In this regard, the following has been decided in **222nd OCC** of **ERPC**:

"OCC Decision

OCC agreed in-principle to the proposed amendment, i.e concerned SLDCs have to compute and certify Beta factor w.r.t generators in their jurisdiction whose tariff is determined by CERC "

(MOM enclosed for reference)

Thus, **ERPC** suggests in favor of the ammendment in **clause 4.9** in the approved methodology of Beta factor computation.
